It had an expiration date and therefore, was removed. Who do you usually work with for Public Notices? Is it Yvonne Moore? I can't remember where everybody got moved to LOL. Either way, you'll need to submit the request for a PN. I'm only here until 11 am today and out until Monday.

Thank you and enjoy a blessed day!

Make today the best day yet!!

Hi Sherry.

I need to upload the attached public hearing transcript to the EPA public notice website. What do you need from me to do that?

I noticed that the public notice for Kampachi Farm draft NPDES permit and public hearing is not available any more. Can we change reactivate that website with some modifications to the webpage content?

Thank you.
